About

I'm a Frontend Developer focused on React.js and Next.js. I enjoy building clean, fast, and responsive web apps. I started learning development on my own and I've been working on real projects to improve my skills every day. I'm looking for opportunities where I can grow and contribute to a real product.

Technical Skills

Core Technologies

React.js

Next.js

JavaScript

TypeScript

Tailwind CSS

Tools & Workflow

Git

GitHub

HTML5 / CSS3

Projects

All my projects are available on GitHub: github.com/1Muhanad

React Applications

Interactive web apps built with React.js — component-based architecture, hooks, and state management.

Tech: React.js • JavaScript • CSS3

Next.js Projects

Full web apps using Next.js with file-based routing, server-side rendering, and API routes.

Tech: Next.js • TypeScript • Tailwind CSS

UI / Styling Projects

Responsive and clean interfaces built with Tailwind CSS — mobile-first and cross-browser ready.

Tech: Tailwind CSS • HTML5 • React.js

Education & Self-Learning

Frontend Development — Self-Taught

2023 — Present

React.js • Next.js • TypeScript • Tailwind CSS • Git

Learning independently through building real projects, reading documentation, and online courses.

Languages

☐ **Arabic** — Native

☐ **English** — Good

Open to Internships, Freelance & Junior Frontend Roles • Remote or On-site
